Note: If you see a lock symbol next to the video, you do not have proper access to view it. This usually indicates that you are not properly logged in to your NCIHC account or the NCIHC Learning Center. Sometimes a weak or unstable internet connection will disconnect and reconnect and our system will not recognize that viewing time during temporary disconnection.

You need to watch the entire video for the quiz to unlock.

If you get disconnected, you can advance the video to where you lost connection. Otherwise, advancing the video is not recommended. The quiz will unlock once you watch the entire webinar.

System Specifications:

Speed: Due to the large size of each webinar video, users should have a stable connection to the internet with medium to high (good-fast) download speed for an ideal experience. Test your bandwidth/internet speed by going to this webpage.

<https://www.speedtest.net/>

Browser: We recommend utilizing Google Chrome when working with the NCIHC Learning Center.

Device: We strongly encourage using a computer/laptop instead of a smartphone.

Idle Timeout: The Learning Center will log you out after you have been idle for approximately 30-60 minutes. This is standard practice for website security purposes.

Certificate and CEUs

If you pass the quiz, your certificate will automatically be emailed to you at the email address on file in your NCIHC account. If you do not see the email, be sure to check your spam or junk mail folder. If you still cannot find the certificate, look in your Learning Center account. <https://ncihc.mclms.net/en/> (be sure to login.)

Tip: You can find all of your certificates under the MY ACCOUNT menu in the upper right-hand corner. Select MY CERTIFICATES.

Approved CEUs will be noted on the certificate along with your name and date. If you have any questions about the certificate please send an email to trainerswebinars@ncihc.org and put **Learning Center Certificate** in the subject line.

LOGGING OUT

To log out of the Learning Center, select MY ACCOUNT and then select LOGOUT.

Frequently Asked Questions:

The Video is not available/lock symbol

The user must be logged in to their NCIHC member/guest account (ncihc.org) and the Learning Center. If a video is not accessible the user may not be logged in properly. Log out of NCIHC member/guest account (ncihc.org) and the Learning Center. Then log back in, starting with your NCIHC member/guest (ncihc.org) account and then the Learning Center.

If the quiz remains locked, review the System Specifications listed on page 12 for additional troubleshooting advice.

How do I find the webinars that I have already registered for?

After you are logged into the Learning Center, you can click on "My Account" found in the upper right-hand corner, and select "My Courses" to see a list of the courses you have already registered for.

The Quiz is not available/I couldn't watch the entire video at one time

The user needs to watch the entire video before the quiz becomes available. If you get disconnected,

you can advance to the spot where you left off and then continue from that point forward watching the rest of the video. When accessing the video again after stopping, start where you left off and do not skip a section. The viewer needs to watch the entire video before accessing the quiz.

Tip: If your viewing is interrupted, make a note of the time elapsed on the video. When you begin viewing again, advance to just before the time elapsed to continue viewing. Example: If you are interrupted at 45 minutes, advance the video to 44 minutes when you are ready to continue viewing.

Nothing seems to be helping, what else can I do?

- Try restarting your device.
- Try accessing the Learning Center from a different device.
- Carve out uninterpreted time so you can focus on the issue.
- Contact us at info@ncihc.org or trainerswebinars@ncihc.org or call 202-505-1537 leave voicemail.
