A Decade of Working towards Social Justice

SPONSOR / EXHIBITOR INFORMATION

Dear Members,

This year we are excited to celebrate 10 years of our Annual Membership Meeting. Over the past years we have moved to different areas of the country, and we enjoy seeing those who return yearly. We welcome and look forward to meeting and speaking with those who are first attendees. This year in Austin, we choose to focus on how the NCIHC has progressed in working towards language access in health care. With this comes a particular focus on social justice: A Decade of Working towards Social Justice. In this, an election year, we are particularly moved by concerns of promoting basic human rights. Let's use this time together to focus on language access, to promote tolerance, freedom and equality, especially language access to quality healthcare with dignity and respect. The NCIHC has always stood by value, and we applaud those of you who passionately support us and who strive to educate, inform and empower individuals at the local, regional and national level through your direct actions.

We are honored to have Ali Noorani, exemplar in the work he has done at the National Immigration Forum, to share his expertise and leadership in this agency to apply social justice principles to structural problems, and to protect many from not receiving the health care benefits that are rightfully theirs. Let's use this opportunity to learn from his presentation, as well as to learn from each other through the diverse topics at the Language Access Café sessions and to carry our work forward. Wishing you an educational and productive Annual Membership Meeting. Please don't hesitate to get in touch if you have any questions and/or ideas about this year's AMM! Thank you for your support!

Best,
Enrica J. Ardemagni, Ph.D.
President, NCIHC Board
